During the weekend 16-17 of February we had the pleasure to host in CTTAM our good friend

Andreas

Lorenz, Sales and Customers Service manager of the Beiter company, who gave a seminar on archery material.

On Saturday,

Andreas shares with the participants his knowledge obtained during the many years that he is working in Beiter, over material tuning.

Â

On Sunday, he presented the Beiter products that have as purpose to make easier the life of archers and coaches. The audience had a unique opportunity to ask all kind of questions and express their queries about the use of the products.

Â

At the end the seminar the participants stated that they were delighted from the seminar due to the experience, professionalism and the proximity of Andreas.

Â

We are grateful to

Andreas for his visit, and hope to have him again with us soon.
